March 2020

An Open Letter To The Citizens of Hazlehurst:

As concerns continue to grow about the potential spread of COVID-19, the Mayor and Councilmembers of the City of Hazlehurst would like to update you on what we are doing to keep our community as safe as possible during this trying time.

Please note that the City is working closely with Jeff Davis Emergency Management Agency (EMA) and is keeping current about changing events. Your health, as well as that of our own, is our top priority, and we will keep you informed with updates via the City's Facebook page and our website, which is www.hazlehurstga.gov. Also in that regard, we'll update you as to any rescheduling of events or meetings that relate to the City.

We understand our community can be and is being impacted tremendously, but we are strong and thriving and will continue to be one, even with the potential risks associated with COVID19. Be assured that we are now and will continue to maintain and provide basic services for our citizens.

We ask that you check our Facebook page and website for updates, and we also ask that you do your part by taking necessary precautions for yourself, your loved ones and your community.

If you have any issues, questions or concerns, please to reach out to Mayor Bayne Stone, the staff of City Hall or Councilmembers Dywane Johnson, John Ramay, Diane Leggett or John Bloodworth. The easiest way is to send an email directly to city.clerk@hazlehurstga.gov and your questions or concerns will be approached immediately.

Thank you for your cooperation and continued support.
